Baked Goodies To Go

Colophon: (kol 'e fon')

1. A publishers distinctive emblem
 - 2..Greek koloph'on: summit, finishing touch, the last word.
- (Pronounced "Call-a-fawn" Cafe)

HOMEMADE

DESSERTS
 Baked with love!

About us: The Colophon Cafe was opened in the summer of 1985 by Ray Dunn and Taimi Dunn Gorman after a trip to Paris. Inspired by the cafes they found there, they tried to take the best of what they found and recreate it in Fairhaven, Washington. Thus you'll find the best espresso and coffees, homemade soups and quiche, and the most decadent desserts. We make everything in our own kitchen.

Our Bakers: Bakery items are made nightly by a our own bake staff with a talent for quality and taste. They make great cheesecakes, cream pies, cookies, fruit pies, and other goodies. All items are made with the best ingredients and care, and are not mass produced in a factory atmosphere, but more like your mama's kitchen. Because of this, we are not the place from which to order inexpensively made baked goods. There are many grocery stores that take that role. For something extraordinary for your special occasion, we are the ones to make it.

To Order: Inside this brochure you'll find our product and price lists. There is a \$35.00 minimum order for free delivery to your home or office. We deliver early in the day 7 days a week. Because we do not add preservatives or artificial flavor enhancers in our products, our shelf life is shorter than with traditional bakery items. Therefore, we recommend ordering items for the day you need them. We bake everything fresh every night. A few items require 24-48 hours notice, so we will have the appropriate ingredients, but many items can be ordered that night for the next day. Flavors are listed on the back of this brochure.

Thanks for choosing us!
